We had a great silhouette match today, and a good turnout for it too. We couldn't have asked for a nicer day to be at the range, temperatures in the 70's, a light breeze, and clear skies. Some fine scores were turned in to go with the great conditions with Jerry Stringham leading the way with a 40 in UAS and 5 shoot-off targets for the handgun side and Tra Tharp turning in a fine 40 and 6 shoot-off targets to take top honors in Scoped Rifle. It took two rounds of shoot-off's to break the second place tie in Scoped Rifle between Darell Holcombe and Dennis Sanderson. Great job guys! Really close shooting between you two. We were really pleased to have some new faces in today's crowd. Welcome to Bill Kassebaum, Pete Worries, John McCutchen, and Tra Tharp. Everyone did a great job with the match format and safe gun handling as well as shooting some really good scores. You're off to a fine start. It's always a pleasure to have new shooters at our match and we hope you can become a regular participant. Thanks to everyone for pitching in help me reset targets, thanks to Bob Longworth for calling the line so I could eat my lunch (I needed that!), and thanks for helping me pick up targets after the match. We have one more rimfire match this year, Sunday October 19th will wind it up for us so please mark your calenders now and make plans to be there.
