

PPC Match Results: Labor Day Weekend (September 3rd and 4th)

PPC Match Results Labor Day Weekend

After 33 years of running the PPC match, Richard Roof announced that he is taking a break. What once required several to run the match on the line and more in the Stat House to provide accurate results posting, now thanks to automatic target turners, PA system, and computers and portable printers it requires only two to run the match. His last match saw several of the original or early shooters return and some new shooters.

AGGREGATE: (all five guns) Mike Jones 2703x95
